

# Dissolved CO<sub>2</sub> Sensor Product Sheet

## Delivery Package

Cable connection between sensor junction box and SCADA junction box can be supplied on demand, length depending on local installation settings

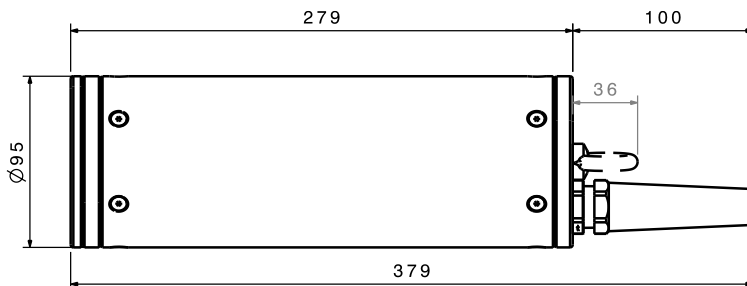

## Specifications

Weight sensor alone: 2.3 kg  
Range: 0-50 mg/l  
Operation temperature: 2-40°C  
Storage temperature: -10-50°C, <85% humidity

Water tight: IP68 5bar  
Output: 4-20mA  
Power supply: 230 VAC  
Current drain: 200mA

Dimensions in mm

## Audited Norm Compliance for operation in industrial installation

CE compliant  
Electromagnetic compatibility: EN50270:2006 (Type I Class B, Type II), EN61000-3-2:2006, EN61000-3-3:1995+A1:2001+A2:2005  
Shock and Vibration: IEC 60068-2-6, DIN EN22248
